

Meeting Minutes  
26 August 2003  
Tony Roma's

6:00 PM to 6:30 PM

Members arrived and introductions were accomplished. The attendance was light and no speaker was scheduled. A new member was present that had recently achieved certification as a Quality Auditor so this was a topic that had interest and it was noted that the section would be looking at speakers to discuss this further.

The Chairman, Matthew Maio opened the meeting with a brief overview of section business, the section budget was discussed, and the financial report presented. A round table discussion was started prior to dinner being served that focused on some general themes of quality. Much of this early discussion was in-relation to the beginnings each member had experienced with quality and the changes or progression each member had seen or been involved with to this point. It was further discussed that the section would continue efforts to be involved with seeking more information and supporting activities/speakers that would be of interest and value to members on this subject. The discussion also centered on the new ISO Standard and what changes or differences in our approach to dealing with the new standard would face us.

**Meeting Presentation:**

No presentation was given.

**Meeting Attendance (Members):**

Matt Maio, Mark McQueen, Jim Voight, and Recelle Nitschke.

**Next Meeting:**

The next planed meeting was identified as occurring September 23, 2003 at Denny's on Maryland Parkway.

**Closing:**

The members were thanked for their attendance and the meeting ended.
