

### **Evaluate World Conference Proposals and Receive Free Registration!**

The World Conference Technical Program Committee is looking for reviewers to evaluate the proposals to be considered for the 2011 World Conference on Quality and Improvement. To be a reviewer, you must be a Senior or Fellow member. You will receive 10–15 abstracts and have approximately three weeks to review and submit your comments online. Abstracts will be sent around August 24. By completing the reviews by the deadline, you will receive one complimentary World Conference registration.

### **Free Webinar Focuses on Improving Medication Safety**

A new, free webinar is being offered that outlines how a California medical center successfully uses data management to improve medication safety. The webinar – being offered Wednesday, July 28, 1:00–2:00 p.m. CDT – will describe how the medical center uses a variety of technologies and approaches, including a Web-based dashboard, to manage data and improve medication safety.

### **ASQ in the News: AHA Covers World Conference**

As a result of proactive media outreach efforts at this year's World Conference on Quality and Improvement, an article recently appeared in the American Hospital Association (AHA) newsletter that provides a nice recap of healthcare speakers and topics presented at the World Conference. The story begins on page 4.
